

Key note speakers at the conference
The Future of Energy Efficient Lighting
28th – 30th November 2011
Katrineholm, Sweden

Monday, November 28, 10.30-11.15

Key Note Speaker Light Sources: SSL and the changed situation for lighting

Dr. Marc Fontoynt

Marc Fontoynt is Professor at the Aalborg University, Danish Building Research Institute, near Copenhagen. He is also Vice-President of the International Lighting Commission (Vienna, Austria), Vice-President and co-founder of the Cluster Lumière (Lyon, France) gathering 120 Lighting Companies and Laboratories for innovation in the field of lighting. He has been working for about 30 years in lighting and daylighting optimization, starting in Lawrence Berkeley National Laboratory, California. He is now acting as Operating Agent of the Solid state Lighting Annex of the International Energy Agency aiming at improving reliability of tests of quality and performance of SSL worldwide.
